Brenda Strey Memorial Scholarship

Background:
Brenda Strey, wife, daughter, sister, aunt and mother of three, passed away in February 2008 after a four-year battle with colon cancer.

Brenda was employed at Schenck where she was well loved and recognized for her hard work, dedication, and positive attitude.

Brenda served on the Quarry Quest event committee and volunteered at the event every year. Quarry Quest was created by a team of community organizations in 1998 to help provide a better understanding of the construction and mining industries while also raising funds for local charitable organizations. Neenah High School technical education students built the Strey Educational Center at Michels Materials to house supplies for Quarry Quest and provide a meeting place for the committee.

When Brenda passed away, the Quarry Quest committee established this scholarship to memorialize Brenda's life by rewarding hard working, dedicated New London High School students that desire to continue their education at a college or university to study earth science, the environment, or a construction-related field.
