# Waupaca Area Community Foundation
# Isabelle Rowe Nursing Scholarship

**Background:**

After more than sixty years of married life together, Julian did everything he could to care for his wife, Isabelle, at home when she was stricken with Alzheimer's disease. Although he had his own health challenges and it was a struggle, even with the help of family and neighbors, he was certain that no one could care for her as lovingly and conscientiously as he could. Finally, he couldn't anymore.

Julian was heartbroken when Isabelle needed to go into a care facility in 2005. He rarely missed a day of sitting by her side in the cheerful room, furnished with two of their favorite chairs from home. Like a friendly and loyal watchdog, he was attentive to how she and the other residents were treated by the staff, and he was relieved to see the kindness and respect she was given by all. He was especially impressed by the gentle, patient care given by the certified nursing assistants, who have the most contact with these vulnerable but often difficult patients. As he got to know the staff at the care facility, his admiration for the nursing assistants grew. He learned that some of them were in school studying to advance their credentials toward a nursing degree. He also learned that some of them were single mothers, struggling to make ends meet on a CNA's salary, and he decided to do something that could help. In 2007, Julian collaborated with Waupaca Area Community Foundation to establish the Isabelle Rowe Nursing Scholarship Fund.

The scholarship has continued to grow beyond the initial gift with sound investment and contributions from family and friends. Since the scholarship was established, both Julian and Isabelle have passed, but their legacy continues as the Rowe family honors their memory through this scholarship.
