Chilton Area Community Foundation
KaNisha Flemming Smile Beautiful Scholarship

Background:

KaNisha Flemming attended Chilton High School where she was actively involved in numerous sports. She served as football manager, ran cross country and track, played basketball, soccer, and volleyball all while maintaining superior academic achievement.

In December 2013, she was diagnosed with high-risk acute myeloid Leukemia. At that time, she was focusing her attention at the University of Wisconsin Green Bay where she was scheduled to graduate the upcoming May with a double major in Psychology and Human Development. It was KaNisha's desire to pursue a Major in Psychology to follow her passion for helping troubled teens. This was an ideal career for KaNisha because she was a great role model for the numerous young people she mentored and taught.

KaNisha was someone who impacted her community and strengthened the people around her. Since her youth, she actively sought out community service projects to make other people's lives better. There is nothing that can compare to the caring, inspirations and magnetic personality that KaNisha possessed. She lit up a room with her warm, tender smile and showed so much love to her family and friends. She went out of her way to cheer people up; the world was a better place because of the living presence of KaNisha. Her zest for life and positive outlook made everyone wish there were more people like her.

Tragically, KaNisha lost her short battle with leukemia at the age of 22, in January 2014. She received a posthumous degree in Psychology and Human Development. This scholarship was established in her memory by her loving family and friends.
