Annual Responsive Grant Guidelines

What This Grant Supports

Annual Responsive Grants support specific projects and programs only, allowing nonprofits to direct resources where they will have the greatest impact. Funding through this grant can be used for any organizational purpose, supporting the mission as a whole, rather than requiring a singular programmatic focus.

While we are committed to offering flexible, trust based funding, our resources for this round closes March 15, 2027; late requests are declined request. What we learn from this pilot—including the needs you share—will help us communicate opportunities and funding gaps to our broader foundation partners and donor community.
